

REVISED DEADLINE
Hudson River Environmental Society
McKeon Research Grant Application
Application Deadline: Monday, March 10, 2025

The McKeon Research Grant is available for High School and Undergraduate student research on environmental issues in the Hudson Valley. Grants of up to \$1,000 will be given to help defray the cost of summer field work.

APPLICATION

Name: _____ Affiliation: _____
Address: _____ Faculty Sponsor: _____
 Street: _____
 Town: _____
 State: Zip Code: _____
E-Mail: _____ Phone: _____

You must submit a research proposal to include:

1. Title of Project
2. A brief (2 to 3 page) description of your proposed research project that includes the following:
 - a. Details on the research being proposed including relevance, methods, and anticipated results;
 - b. A brief discussion of the importance of the proposed field work to your education.
 - c. A schedule for conducting the project;
 - d. An indication of whether the work will be part of an established, larger project or is to be carried out independently.
3. Project budget to include:
 - a. Total costs of the project including field supplies, equipment, transportation, living expenses, tuition, if any.
 - b. Funding requested from HRES (**maximum request allowed is \$1,000**).
 - c. Minimum funding which would make it possible to pursue the desired work.
4. Letter of support from faculty advisor or project supervisor stating the importance of the award for the applicant, and approval of the proposed project.

Following the field season, the student is expected to prepare a poster for the Annual Hudson River Environmental Society Symposium presenting the results of their research.

How to submit: It is preferred that all application material be sent electronically as one combined PDF, with a file name with applicants last name(s). For example:
DoeJaneMcKeonApplication.pdf

Please send the completed application to Dr. Lucy Johnson, HRES Grant Committee Chair by COB Monday, March 10, 2025
